ENR California is proud to announce the latest winners of the region's Best Projects 2018 competition. Winners of the magazine's Excellence in Safety Award, which is juried by a separate group of safety experts, have also been named.

Three panels of judges have completed weeks of scoring and discussion to determine the list of winners. The projects listed below will be profiled in the October 8 issue of ENR California, and at two awards presentations in October. On Oct. 9 awards for projects located in Northern California will be presented at the Julia Morgan Ballroom in San Francisco. On Oct. 11, Southern California awards will be presented at the Omni Hotel & Resorts Los Angeles. Visit www.enrbestprojectsawards.com for more info or to register.

Judges reviewed more than 100 projects located throughout California and Hawaii. Projects were evaluated on the ability of the project team to overcome challenges, contribution to the industry and community, safety and construction and design quality. Due to the large number of entries, we can only honor a fraction of the projects that are submitted each year, so if your project didn't win this year, please be sure to submit next year!

Judges could select any combination of Best Project-level category winners and Award of Merit honorees. Because of the number of entries, we split the winners into Northern California and Southern California to indicate at which event they will receive their award.

Judges will also designate an overall Project of the Year from the Best Project-level winners listed below– we'll announce that winner in our October issue and at the banquet.

Also at the banquets, we will also take the opportunity to honor the firms that were selected throughout the year as our Owner, Design Firm, Contractor and Specialty Contractor of the Year, as well as ENR California's Legacy Award winners. Hope to see you there!

Airport/Transit

Best Project, Northern Calif.: Transbay Transit Center-Bus Ramps. Submitted by AECOM.

Best Project, Southern Calif.: San Luis Obispo County Airport Terminal. Submitted by Q&D Construction.

Cultural/Worship

Best Project, Southern Calif.: Rex's Roar at the San Diego Zoo. Submitted by Swinerton.
